

TRAINING OVERVIEW

ICP – Agile Coaching

2 DAYS TRAINING

Certification ICP ACC

Venue: Virtual or In Person training

Course Overview

This competency-based designation verifies competencies in key skills that are imperative to becoming an effective agile coach. ICE-AC distinguishes professionals who can facilitate, coach, mentor, and teach at a level that can unlock the potential of agile teams.

What You Will Learn

- Conducting the Coaching Conversation
- Leadership Engagement
- Helping Team Members Experience the Agile Mindset Shifts
- Key Mentoring Skills for Agile Coaches

Earn the Certification

Every ICAgile-accredited course includes hands-on learning. You'll need to actively participate in a live class to earn this certification. When you successfully complete your class and your post-class survey, you'll earn a certificate that you can share with employers and your professional network. Certificates are downloadable PDFs configured for uploading.

What's Included
