

TRAINING OVERVIEW

ICP – Enterprise Agile Coaching

2 DAYS TRAINING

Certification ICP ENT

Venue: Virtual or In Person training

Course Overview

This certification was designed for agile coaches at the enterprise and portfolio level, transformational leaders who want to increase their coaching mindset, or anyone aspiring to these roles. It is also relevant for professionals with a strong background in change management and/or organizational design who have a curiosity about agile approaches at the enterprise level.

What You Will Learn

- Enterprise Coaching Enables Business Agility
- Organization Design and Structure
- Coaching the Organization
- Boundary Spanning Facilitation

Earn the Certification

Every ICAgile-accredited course includes hands-on learning. You'll need to actively participate in a live class to earn this certification. When you successfully complete your class and your post-class survey, you'll earn a certificate that you can share with employers and your professional network. Certificates are downloadable PDFs configured for uploading.
