2 DAYS TRAINING

Certification

SAFe Agilist

Venue: Virtual or In Person training

Course Overview

Leading SAFe® offers you an introduction to the foundations of SAFe, and provides the principles and practices to confidently drive your Lean-Agile transformation. The course and resulting certification offer the guidance and tools to build a culture of resiliency and a shared language that engages employees and focuses on customers so that organizations can work with agility at scale.

What You Will Learn

- How to realize the benefits of SAFe, including:
- How to adopt a customer-centric mindset
- How to align massive organizations around clear, common objectives
- How to participate successfully in critical SAFe events, such as PI Planning
- How to establish Team and Technical Agility and organize around the flow of value

Leading SAFe® answers the questions

- What is SAFe?
- What is business agility and how does SAFe support it?
- How does an organization get started with the Scaled Agile Framework®?
