

TRAINING OVERVIEW

SAFe for Teams

2 DAYS TRAINING

Certification

SAFe for Teams

Venue: Virtual or In Person training

Course Overview

What does it mean to be part of an Agile team on an Agile Release Train (ART) that delivers value to customers? SAFe® for Teams covers the tactical skills to be a high-performing member of an ART. The course also gives you the guidance and tools to work effectively in remote environments with distributed teams. Get the most out of your learning experience by taking it in context with your team and other teams on your ART.

What You Will Learn

- Your role on the team and your team's role on the ART
- How to continuously improve the ART
- How to plan and execute iterations and PIs
- How to apply SAFe principles to scale Lean-Agile delivery

SAFe® PO/PM answers the questions:

- How does an Agile team function inside of an ART?
- How do we as an Agile team plan and execute iterations and the PI?
- How do we work with other teams on the ART to effectively deliver value?

What's included

- Course workbook and SAFe Studio access to help prepare you to take the certification exam, claim their digital badge, and tools to get started in your SAFe role
- Remote learning via SAFe Virtual Classrooms
- One-year membership to SAFe® Studio with your first class attendance
- Platform access to e-learning modules and curated members-only content to support your SAFe transformation
- Member discussion forms to engage in ongoing conversations on the SAFe framework or how to better perform as part of an Agile Team
- Curated content-playlists based on your interests and roles, including templated resources and facilitation guides to get you started
- Access to content, tools, and resources you need to practice SAFe every day
- SAFe® 6.0 Practitioner certification exam
